

New Choices from the Leader in Laboratory Wiping

KIMTECH SCIENCE* Bench Top Protector

The latest addition to the KIMTECH SCIENCE* Brand family.

When you're dealing with harsh chemicals and delicate glassware, you need bench top protection that won't slide out from under your work.

The new KIMTECH SCIENCE* Bench Top Protector delivers the quality performance you expect from KIMTECH SCIENCE*, the same brand that brings you KIMTECH SCIENCE* Wipers.

This advanced bench top protector features a polyethylene backing that:

- Provides maximum slip resistance
- Creates an effective fluid barrier
- Resists even harsh chemicals

- Flat, stable surface helps protect experiments and delicate glassware
- Quickly absorbs spills
- Better wet durability than competitive sheet and roll products
- Slip-resistant polyethylene keeps mat in place
- Fluid barrier resists harsh chemicals
- Lies flat and remains flat even after drying
